Making a difference

Linda and Richard represent Yorkshire & Humber in the European Parliament, standing up for our interests and working hard to make sure the region gets the best deal.

Yorkshire & Humber is a net beneficiary of EU regional funding, meaning that we receive more than we pay in real terms.

From 2007 to 2013, we received some £500 million from the European Regional Development Fund, which in turn brought about the same amount from elsewhere — that's about a billion pounds of direct investment in our communities.

Linda McAvan MEP

is chair of the European Parliament's Development committee and of the Fairtrade working group, which she founded. She has also influenced EU laws on the environment, public health and climate action.

Tony Grist

The Hepworth gallery

The Hepworth Wakefield is an art gallery and cultural attraction situated on the River Calder.

The gallery received £1.2 million under the European Structural Fund Objective 2 Programme to assist in construction, which was part of the city's cultural regeneration development.

The Hepworth Wakefield is one of the largest galleries in the UK outside London.

Wakefield waterfront

The waterfront received more than £9 million of European Structural Funds.

The project was part of the wider £27 million Wakefield City Renaissance scheme. It has contributed to the restoration of the area, creating or accommodating over 120 jobs.

Mike Kirby

144,500 people are employed in Wakefield. That's **144,500 people who are better off** because of 28 days leave a year, an 11-hour break between shifts and work-specific health and safety rules.

In Wakefield there are **49,100 part-time workers**, all of whom benefit from an EU entitlement to the same hourly pay as full-time workers and have the same leave entitlements.

There are **67,200 women** employed in total in this area. Thanks to the EU, they have protection from dismissal if pregnant, the right to be paid the same as men for work of equal value, and laws protecting them against discrimination.

AGRICULTURAL SUPPORT

Europe's rural development policy helps rural areas to meet the challenges of the 21st century – economic, environmental and social.
